Wilcox Operations

The Wilcox on & Gas Co., has the top of a likely looking oil said at 2.425 feet in No. 1 Jacason

simply an array of certain facts pretty well recognized, here is the forth a unit order proposed. In other words, here is no monsense about it?

Glenn Pool Well

The Glonn Pool vid syndicate, 225 central National than building, are a well apparancial good for the structure of the first own for the structure of the forther and waters of 24-17-15.

Red Fork sand was topped at 3,556 feet, and 25 feet of pay was become of 24-17-15.

Red Fork sand was topped at 3,556 feet, and 25 feet of pay was become of mortheas of 24-17-15.

Red Fork sand was topped at 3,550 feet of pay was become of sufficient and drilling as continued to 1052 feet, or 25 feet in the Glenn sand All this in the showings from the upper and were be only to more produced, and after suspending personnel was continued to 1052 feet, or 25 feet in the Glenn sand All this in the sand summer of the showings from the upper and were be only to more produced, and after suspending personnel successful to the stock of the wolf yesterday after own personnel to the wolf yesterday after one with 100 quarts. The well will be cleaned in the wolf the wolf to general and the cleaned out, cased and put on the pairing produced to general and are keeping the company in separation to fit its work in the southeast of the wolf they of this well means we or three offsets will have to be criffed shortly, and considerable ed activity in the configuration field a looked for. The Glern Pool Sunday of the structure of the stock of the wolf they are considered to all the sand specified shortly, and considerable ed activity in the configuration of the stock of the stock of the wolf they of the stock of the stock of the wolf they of the stock of the

The Oktahoma Star well No. 11, at Rat Head, eight miles west of Se Funiak Springs, is shut down calting casing. An oil sand was encountered at a little loss than 1,000 cet, and oil greaked the sluice pit. The driller and scologist feel sure hat they have found a shallow pool. The sand was immediately below a hallow rock, and there was pienty f gas in evidence.

The well at Bruce, south of De Junak has encountered a heavy un.ak, has encountered a heavy as and an oil showing at a very hallow depth. The formation and

epth being similar to that found in are all sincerely mourning. M. Langworthy was the gentlest of the West Florida Oil company, men and in addition to rare abiliwhich is under the management of ome Oklahoma oil men, has started oreparations for its test well in Joimes county. Everything indi-

Holmos county. Everything indi-ates that a new oil field is about to be epened up in West Florida in the very hear future. Information concerning formation and depths is almost impossible to biain, but the actions of the com-anies now on the ground is suffi-ient evidence that they are more athusiastic than ever over prosnthusiastic than ever over pros-sects of finding oil in paying quan-ties at a shallow depth.

Back from Father's Funeral

Winston P. Henry, accompanied by Mrs. Henry, is back from Chicago where he attended the funeral of his father, Robert L. Henry, and enough and that the end came peacefully and that his father suffered no phin.

"He was ready to go, having accomplished his life work," is the way he puts it.

he puts it. Besides Winston, there was in at licaides Winston, there was in at tendance at the family home, F. S. Henry, who now lives in Connecti-cut, where the family is in close
